How to Use Appendix C

Appendix C consists of ten distribution tables that provide guidance on the distribution of many trial court revenues that are required by California Code. Each table is preceded with a narrative that identifies the code section within the table, as well as any special rules or background that may apply. The purpose of the narrative is to provide guidance to questions that may arise when working with code sections within the table; the narrative may also apply to code sections in other tables. While a few tables have specialized additional columns, the basic organization and the definition of terms used in the tables are shown below.

Code Section	The California code section, with a descriptive title.
Violation/Situation	The California code under which the conviction occurred (unless the code is the same as the distribution code) and/or a description of the situation that resulted in the charge.
Arresting Officer/Jurisdiction	The jurisdiction of the arresting officer (“city” versus “county”) is included when relevant for distribution purposes.
Distribution	The entity or entities to which the collection is distributed (State, county, city, other agency, or victim) and the percentages of and/or conditions for the distribution.
Applicable Fund	The fund to receive the distribution, as designated in the statute. “Not specified” means no specific fund is designated in the statute; the general fund of the receiving agency is the default fund in such cases.
Fund Use	The use of funds as restricted in the statute. “Not specified” means that a use is not specified in the statute.

Resources & Terminology

Resources

The California Legislative Information website, <http://leginfo.legislature.ca.gov/>, provides information on California's bills and laws. The website also provides tools to help users track bills going through the legislative process that may affect them if they are enacted. While Appendix C provides guidance to help understand specific code sections, the State Controller's Office highly recommends that users read the entire code section to have a complete understanding of the law.

Terminology

"Base fine enhancements" are additional monetary sanctions that are added to the "base fine" equaling the "total base fine". For example, monetary sanctions pursuant to H&S 11372.5 and H&S 11372.7 add to the "base fine".

The **"chapter date"** is the date when the Governor signs a bill into law and the Secretary of State assigns the bill a chapter number which subsequently may be used to refer to the measure.

"City arrest" means an arrest by an employee of a city, or by a California Highway Patrol officer within the limits of a city. **"City"** includes any city; city and county; district, including any enterprise special district, community service district, or community service area engaged in police protection activities pursuant to PC 1463(b).

"County arrest" means an arrest by a California Highway Patrol officer outside the limits of a city, or any arrest by a county officer or by any other state officer. Any arrest that is not a city arrest is a county arrest.

The **"effective date"**, as specified by the Constitution, is the date when a law takes effect. The date is usually January 1 of the following year, unless the bill is an urgency measure or specifies another date.

"Fees" are monetary amounts paid by the defendant that are usually administrative in nature and are used to reimburse for services provided in statute.

"Fines" or **"base fines"** are the monetary sanctions, set by statute, for committing a criminal violation.

"Forfeiture" is the loss of money or property through seizure. For example, a defendant may post bail in order to be released from jail and to ensure their presence in court at a later date. If the defendant does not appear before the court when ordered, their bail may be forfeited. The "forfeiture" would then be distributed as stated in statute.

Resources & Terminology (continued)

The difference between **“mandatory”** vs. **“discretionary”** language is whether or not compliance must be met with the law. “Mandatory” means it is required by law. Statute will include language such as: shall, must, or will. “Discretionary” means it is optional. Statute will include language such as: may or should. It is important to read legislation very carefully to determine whether the law is mandatory or discretionary.

The phrase **“notwithstanding any other provision of law”**, is used in legislation to preclude that code section from any other code section. Code sections often interact with other code sections and to prevent unwanted changes to the meaning, legislators use the phrase to ensure the code section is interpreted exactly how it is written.

“Penalties”, **“additional penalties”**, and **“penalty assessments”** are monetary sanctions imposed in addition to “fines” and often have a calculation associated with the amount to assess, but not always.

“Restitution fines” are monetary sanctions to compensate the victim of a crime who incurs an economic loss as a result of the commission of a crime directly from the defendant convicted of that crime. “Restitution fines” shall not be subject to penalty assessments authorized in Penal Code section 1464 or Chapter 12 (commencing with Section 76000) of Title 8 of the Government Code, or the state surcharge authorized in Penal Code section 1465.7, and shall be deposited in the Restitution Fund in the State Treasury. Interest may not be assessed on “restitution fines” however, the board of supervisors of a county may impose a fee to cover the actual administrative cost of collecting the restitution fine, not to exceed 10 percent of the amount ordered to be paid, to be added to the restitution fine and included in the order of the court, the proceeds of the actual administrative cost shall be deposited in the general fund of the county pursuant to Penal Code section 1202.4(l).

“Restitution orders” are assessed in every case in which a victim has suffered economic loss as a result of the defendant’s conduct. The court shall require that the defendant make restitution to the victim or victims in an amount established by court order, based on the amount of loss claimed by the victim or victims or any other showing to the court. Interest may be assessed on “restitution orders” at the rate of 10% per annum pursuant to Penal Code section 1202.4(f)(3)(G). Pursuant to PC 1203.1(l), if the court orders restitution to be made to the victim, the entity collecting the restitution may add a fee to cover the actual administrative cost of collection, but not to exceed 15 percent of the total amount ordered to be paid. The amount of the fee shall be set by the board of supervisors if it is collected by the county and the fee collected shall be paid into the general fund of the county treasury for the use and benefit of the county. The amount of the fee shall be set by the court if it is collected by the court and the fee collected shall be paid into the Trial Court Operations Fund or account established by Section 77009 of the Government Code for the use and benefit of the court.

Resources & Terminology (continued)

“State and local penalties” are PC 1464, GC 70372, GC 76000, GC 76000.5, GC 76104.6, and GC 76104.7. These code sections are levied upon every fine, penalty, or forfeiture imposed and collected by the courts for all criminal offenses, including, but limited to, all offenses involving a violation of the Vehicle Code or any local ordinance adopted pursuant to the Vehicle Code.

“State surcharge” is an amount equal to 20% that is levied on the “total base fine” pursuant to PC 1465.7 and distributed to the State General Fund.

“Total base fine” is the sum of the “base fine” plus the “base fine enhancements”. It is the starting point to which the State and local penalties, the 2% deposit for automation, and the state surcharge are calculated upon.

“2% deposit for automation” is a distribution pursuant to GC 68090.8, and not an additional “fine” or “fee”. GC 68090.8 requires that 2% of all fines, penalties, and forfeitures collected in criminal cases, be remitted to the State Trial Court Improvement Fund (Improvement Modernization Fund) to finance court administrative automation projects.

The phrase **“X dollars for every ten dollars (\$10), or part of ten dollars (\$10)”** is commonly used in many code sections that outline “penalties”, “additional penalties”, and “penalty assessments”. To calculate the proper dollar amount, take the base fine and divide by 10. If the number is a whole number, then it is used to calculate the penalty. If the number is not a whole number, then it is rounded up to the next whole number and then used to calculate the penalty.

For example, GC 76104.7(a) states: “Except as otherwise provided in this section, in addition to the penalty levied pursuant to Section 76104.6, there shall be levied an additional state-only penalty of four dollars (\$4) for every ten dollars (\$10), or part of ten dollars (\$10), in each county upon every fine, penalty, or forfeiture imposed and collected by the courts for all criminal offenses, including all offenses involving a violation of the Vehicle Code or any local ordinance adopted pursuant to the Vehicle Code.”

1. To calculate this penalty with a base fine of \$30, take the base fine and divide by 10, which gives a factor of 3. Take the factor of 3 and multiply it by the \$4 assessed for every \$10 or part of \$10 assessed in this code section, which equals \$12.

Answer: \$12 is the amount to be collected on a \$30 base fine for this code section.

2. If the base fine was instead \$31, take the base fine and divide by 10, which gives a factor of 3.1. Take the factor of 3.1 and round up to 4 (always round up to the next whole number). Take the factor of 4 and multiply it by the \$4 assessed for every \$10 or part of \$10 assessed in this code section, which equals \$16.

Answer: \$16 is the amount to be collected on a \$31 base fine for this code section.

Table 1 — General Distribution of Fines and Forfeitures Under PC 1463.001

All criminal fines and forfeitures (except parking) without a specific distribution in statute are distributed pursuant to PC 1463.001. Be advised that most statutes do not designate a specific distribution and are not separately listed in Appendix C.

As stated in PC 1463(l), “total *fine or forfeiture*” for purposes of distribution under PC 1463.001 includes “the total amount of bail forfeited or deposited as cash bail subject to forfeiture.”

The special distribution for bail increases, pursuant to PC 1463.28, applies to “city arrest” violations, but does not apply to “county arrest” violations within the specified counties.

The Attorney General's Office has clarified that changes in PC 1214 do not allow a county to charge interest on delinquent and/or unpaid fines. In *People v. Sutter Street Ry. Co (1900)* 129 Cal. 545, the Supreme Court held that interest was not allowed because the fine was for the purpose of punishment rather than for compensating for loss or damage. Furthermore, the absence of a specific distribution for interest indicates that the Legislature did not intend criminal judgment fines to bear interest.

The following apply to the fines and forfeitures in Table 1:

- State and local penalties
- 2% deposit for automation
- State surcharge

Table 2 — Special Distributions of Fines and Forfeitures Preceding PC 1463.001 Distribution

Table 2 includes special distributions of the total base fine that are deposited for special purposes prior to distribution pursuant to PC 1463.001.

PC 1203.1 requires that all fines collected by probation officers from defendants on formal probation be deposited into the county general fund, except for specified distributions. The specified distributions include, but are not limited to, PC 1463.16, 1463.18, and excludes PC 1463.14(a). Therefore, there is no requirement to deposit PC 1463.14(a) collections in the county special account on formal probation cases.

The following apply to the fines and forfeitures in Table 2:

- State and local penalties
- 2% deposit for automation
- State surcharge

Table 3 – Specific Fine and Forfeiture Distributions

Table 3 includes fines and forfeitures that have a specific charge and/or distributions to a specific party, fund, or purpose. If a fine or a part of a fine is distributed pursuant to PC 1463.001, the details of the distribution are shown in Table 1.

For example, F&G 12009 is a fine assessed on illegal abalone fishing. The money collected from any fine or forfeiture imposed or collected is specifically distributed 50% to the Abalone Restoration and Preservation Account and 50% to the county treasury of the county in which the violation occurred.

The following apply to the fines and forfeitures in Table 3:

- State and local penalties
- 2% deposit for automation
- State surcharge

Table 6 — Penalty and Assessment Distributions

Table 6 includes penalties and assessments which are subject to the 2% deposit for automation. The lists below are not all-inclusive lists.

2% deposit for automation (GC 68090.8) – **Applies to:**

- 1) The state penalty (PC 1464)¹
- 2) The local additional penalty (GC 76000)
- 3) The state court construction penalty (GC 70372)
- 4) The Proposition 69 DNA Identification Penalty (GC 76104.6)
- 5) The DNA Additional Penalty Assessment (GC 76104.7)

2% deposit for automation (GC 68090.8) – **Does not apply to:**

- 1) 20% state surcharge (PC 1465.7)
- 2) The conviction assessment (GC 70373)

GC 76000.10² is an additional penalty of four dollars (\$4) that shall be imposed upon every conviction for a violation of the Vehicle Code or a local ordinance adopted pursuant to the Vehicle Code, except parking offenses subject to Article 3 (commencing with Section 40200) of Chapter 1 of Division 17 of the Vehicle Code.

The state construction penalty assessment is levied pursuant to GC 70372(a) in an amount equal to \$5 for every \$10 or forfeiture imposed and collected by the courts for all criminal offenses, including, but not limited to, all offenses involving a violation of a section of the Fish and Game Code, the Health and Safety Code, or the Vehicle Code or any local ordinance adopted pursuant to the Vehicle Code. Per GC 70372(b), the state construction penalty assessment is also levied upon every parking fine, forfeiture, and penalty in the amount of \$4.50.

Pursuant to GC 70375, on the June 30th following any transfer of court facilities ownership from the county to the State (Judicial Council), the local penalty (GC 76000) will be reduced by the percentage of the square footage transferred to the State to the county's total square footage of court facilities plus an amount sufficient to service any bonded indebtedness on the court facilities. If all of the county's courthouse facilities are transferred and there is no remaining bonded indebtedness, the local penalty pursuant to GC 76000 will be reduced from \$7 for each \$10 (for most counties) to the amount specified in GC 76000(e).

Footnotes:

¹Although the 34% of the proof of correction fee (VC 40611) is included in the state portion (70%) of the PC 1464 distribution, the 2% deposit for automation does not apply because it is a fee and not a fine, penalty, or forfeiture.

²GC 76000.10 is not separated from the "total bail" amount in VC 42007 for traffic school cases.
